HANDI-RAMP WHEELCHAIR LIFTS

HPL-50 and HPL-72 Wheelchair Lifts

Handi-Ramps HPL-50 and HPL-72 Wheelchair Lifts are easy to operate, simple to install making them virtually maintenance free. Every safety detail has been carefully designed into these lifts including a non-slip platform, constant pressure switches, a low platform for easy roll-on/roll-off, safety barrier and railing, and rolled edges.

With maximum lift heights of either 50 inches or 72 inches available, they are sturdy enough to lift and lower up to 500 pounds and will accommodate electric wheelchairs and scooters. Running on a gear box and chain, these wheelchair

lifts provide a smooth and quiet up and down ride, requiring little maintenance.

Handi-Ramps HPL-50 and HPL-72 Wheelchair Lifts are shipped fully assembled and install in 6 easy steps.

HES-125 Stair Platform Lift

The HES-125 Stair Platform Lift is designed for both residential and commercial use. A practical, reliable solution for improving accessibility in all facilities and it's more affordable and takes up less space than an elevator.

Features include three sided access to platform, custom colors, self-support posts, emergency stop switch, and fold up seat with safety belt this lift also has a platform that can be folded manually or by power to take up less stairway width.

Four dimension sizes are available for purchase:
Type I: 27.50" x 36" Type II: 28.50" x 44"
Type III: 30" x 48" Type IV: 30" x 44"

Handi-Multilift Vertical Platform Lift

The Handi-Multilift Vertical Platform Lift features an ACME screw drive system which offers safe and reliable operation for its users and has been proven for both indoor and outdoor applications. Designed to meet today's safety code requirements for residential and commercial use, this ruggedly constructed lift includes a plastic safety underpan feature, black anti-skid surface on the floor and ramp, manual hand crank to raise or lower the platform, and an electronic free relay device.

Maximum Travel
48" (1,219 mm) or 72" (1,827 mm)

STAIRLIFTS

HANDI-RAMP STAIR LIFTS
